

NIPT Workshop

Evidence Based Behavioural Support (Post Primary)

This workshop builds on the learning at ITE in exploring the additional needs that can be experienced by some students in the area of behaviour management. It will aim to give NQTs an understanding of a range of behaviour management strategies suitable for managing individual and group behaviour. Support materials and resources from DES support services are explored, such as NBSS. There are additional online extension materials if the NQT would like to investigate elements of classroom management.

Date: Tuesday 10th October 2017

Venue: County Donegal Education Centre

Time: 6-8pm

Date: Wednesday 11th October 2017

Venue: North West Training Centre, Letterkenny

Time: 6-8pm
